

Hot Water System (Laundromat) information:

Owner		Contact Person	
Location of the Laundromat (Full Address)		Telephone	Fax
		Email	
Tank volume (if applicable)	Close loop <input type="radio"/> yes <input type="radio"/> no	Heating system description	
Total water volume (in the circuit, gal)			
Average daily water consumption (gal)	Average Flow-rate (gal/min)	Pressure (psi)	
Max daily water consumption (gal)	Max Flow-rate (gal/min)	Water Temperature	

Sketch of the hot water system:
 - Indicate the diameter and the material of the pipes.
 - Indicate the heating and filtration elements, pumps, tanks, valves et accessories.

Water analysis pH: Alkalinity: Conductivity:	CaCO3 Hardness: Chloride: Iron: Manganese:	Magnesium: Sodium: Others:
